Answer for [NRS 281.571, Subsection 1(b)]:

I do not understand the full ramifications of the wording of this section. All the sources from myself and all the People that live with me from time to time, work at jobs, that are innocent, harmless and law full. Most of the so called income however needs to be questioned, as it states to be legal notes for depts., public and private, it seems to be missing two of the four elements that make a true note. Another source are checks which are based on the same fraudulent notes which most people are lead to believe is money.

Answer for [NRS 281.571, Subsection 1(d)]:

As with the first section I do not understand the legal wording. I have a bank credit card that might meet that criteria, as to the People I share my life with; their financial business is not my business. I will say that I trust them and respect their Right to privacy on these matters. If your intent is to find out if I am financially compromised before being elected, the answer is yes; in as far as we all have been compromised by the private, foreign owned Federal Reserve Bank, If your intent is to find out if the office sought will be compromised financially, by me or the people I know, the answer to the best of my ability is no.
